SYNOPSIS

Designed for Accomplishment, Engineered for Success: How What We Do, Use, and Think About Affect Our Daily Practice.

Those in search of riches know that one must move a lot of dirt in order to find a little bit of gold. This course is designed to sift through the “dirt”, providing informational “gold” on a variety of dental topics essential to seeing long term success. From understanding patient decision making, to the tools and select tips for longer lasting dentistry, this course is designed to give a practical, “soup-to-nuts” approach to the latest research and materials that will maximize your practice profits

COURSE OBJECTIVES:

1. Learn current trends in today’s general practice
2. Talk common sense, “real-world” approach to treatment planning
3. Understand patient psychology and the WHY of patient decision making
4. Discuss the latest materials, tips and trick for clinical success
5. Gain understanding how adding one new procedure or one new technique can elevate your game
