

AN AWARD WINNER INTERNATIONAL ORGANIZATION
 PROMOTING EXCELLENCE IN DENTAL EDUCATION
 Over 1850 Members Strong

Presents

A Must attend seminar for you and your staff

**CREATING ENDODONTIC EXCELLENCE
 BY
 JEROME H. STROUMZA, DDS, MS, DSC**

On
AUGUST 22ND, 2010 (Sunday) 9:00 am till 5:00 pm
 (AGD & CA Board 7 hrs C.E. units)
 At

HOLIDAY INN
1740 NORTH 1ST STREET, SAN JOSE CA 95112

(Please print in capital letters or attach your business card)

Name DR/RDH/RDA/DA _____ Lic no _____
 Circle one First Middle Initial Last

Address _____

City _____ State _____ Zip _____
 Phone no _____ Fax no _____ e-mail _____

ARE YOU A PDS MEMBER YES NO Membership no _____

COMPLIMENTARY BREAKFAST, LUNCH & PARKING INCLUDED

REGISTRATION FEE	Before August 16th, 2010	After August 17th, 2010
Dentists Non-members	\$109.00	\$119.00
Members	\$99.00	\$109.00
Hygienist/R.D.A.Non-members	\$89.00	\$99.00
Members	\$79.00	\$89.00

FOR REGISTRATION / MEMBERSHIP / STAFF DISCOUNT OVER THE PHONE PLEASE CALL
 TOLL FREE 1-866-422-5573 (1-866-4-CALL-PDS) OR 909-933-9076
 We accept Visa, Master card, American Express & Discover

 Chairman

Jerome H. Stroumza, DDS, MS, DSc

Dr. Stroumza received his DDS in Paris, France with emphases in endodontics, periodontics, oral surgery and radiology. After practicing and teaching in Paris, he trained at UCLA where he received a Master's of Science in Oral Biology for research in growth factors and the extraction and testing of BMP (Bone Morphogenic Protein) which had been discovered by Professor Urist. He continued his formal endodontic specialty training at Boston University under Prof. Schilder where he received his Doctorate in Science for research on human osteoblastic cell migration and the impact of endotoxin in healing of lesions of endodontic origin.

Since teaching at UCSF, he maintains a full time practice in San Francisco teaching locally and lecturing nationally and internationally. In the mid 90s, Dr. Stroumza laid the foundation of his novel approach in the decision-making process and management of complex endodontic cases combining endodontics with the field of 3D radiography, bone grafting and implantology. Founder of the concept: EndoImplantology as the paradigm shift in endodontics. As a member of Real World Endo's Board of Advisors, Dr. Stroumza is certified to conduct lectures and seminars on Precision-Based Endodontics.

The Endo-Restorative Continuum

This presentation will concentrate on two areas. 1) How to perform Endodontics in a predictable, reproducible manner, and 2) How to do root canal therapy in such a manner that you actually enhance the long-term prognosis of the tooth. The goal of this program is to have dentists learn how to perform endodontics in such a way that they can offer their patients a long-term natural dentition option as an alternative to implants.

Included in the lecture component will be a thorough discussion concerning access, non-surgical ultrasonic use, rotary file design, instrumentation techniques, and various obturation options. Particular emphasis will be placed on developing endodontic synchronicity between a machined preparation and a laser verified primary or single cone. Additionally, various techniques will be discussed that will facilitate the restoration of the endodontically treated tooth.

During this lecture:

1. How to perform minimally invasive endodontics - the .04 preparation.
2. The benefits of developing "endodontic synchronicity".
3. The advantages of new bioceramic technology in endodontics.
