Mastering Extractions and Ridge Preservation: A Hands-On Bone Grafting Workshop

DATE:	Saturday, October 10th 2026
TIME:	8:15 AM Registration / Light Breakfast & Coffee Lecture: 9:00 AM–1:00 PM (includes hands-on)
LOCATION:	Dowell Dental 9287 E. 9th StRancho Cucamonga, CA 91730
PHONE:	877-373-8904
CEU:	4 Units Offered (2.5 hrs didactic + 1.5 hrs hands-on)
REGISTRATION:	Limited to 25 attendees
COST:	Early Bird $399 (till Oct 3rd 2026) — Regular $499

This continuing education course combines a didactic and hands-on component focused on surgical extraction techniques and contemporary ridge preservation strategies to minimize post-extraction alveolar bone loss. Emphasis is placed on atraumatic extraction principles, flap design, and socket management to optimize future implant outcomes, including clinical application of OsteoGen Bone Plug for socket grafting.Attendees will gain practical, evidence-based protocols that can be immediately integrated into daily practice

LEARNING OBJECTIVES:

- Identify indications for surgical extraction and differentiate between simple and complex extraction techniques.
- Apply atraumatic extraction principles to preserve alveolar bone and soft tissue architecture.
- Describe proper flap design, bone removal, and sectioning techniques for surgical extractions.
- Understand ridge preservation concepts and select appropriate grafting materials for socket management.
- Demonstrate the clinical use and placement protocol of OsteoGen Bone Plug for predictable ridge preservation outcomes.
